LIME WASH

MINERAL LIME PAINT
FOR WALLS

MICROSTONE
BY MICROFORCE

DESCRIPTION

Microforce Lime Wash is a mineral, lime-based paint that creates the soft, cloudy, watercolour movement of a traditional lime-wash finish. Made from slaked lime with selected natural aggregates, it bonds chemically with mineral surfaces and lets them breathe — on interior walls and exterior façades alike.

KEY FEATURES

- Covers approx. 50 m² per 20 kg in two coats
- Authentic lime-wash effect with natural matt mineral..
- High vapour permeability — lets walls breathe
- VOC < 5 g/l; Indoor Air Quality A+
- Interior walls and exterior façades

TECHNICAL INFORMATION

PRODUCT TYPE

Lime-based mineral paint

BINDER

Slaked lime with natural aggregates and additives

FINISH

Natural mineral matt

CONSUMPTION

400 g/m² for two coats

DENSITY

1.61 ± 0.05 g/ml
